End Style:

E4 spring end, squared and ground both ends

Spring Free Length:

3.547 inches

Coil Quantity:

14.5

Spring Solid Length:

0.870 inches

Spring Solid Outside Diameter:

0.820 inches

Coil Helix Direction:

Right-hand

Special Features:

One coil one end 0.990 in. Diameter to pilot in bore

Material:

Stainless steel

Material Specification:

Gm 186m, general motors corp, allison div mfr ref single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
