**End Style:**

E4 spring end, squared and ground both ends

**Spring Free Length:**

3.547 inches

**Coil Quantity:**

14.5

**Spring Solid Length:**

0.870 inches

**Spring Solid Outside Diameter:**

0.820 inches

**Coil Helix Direction:**

Right-hand

**Special Features:**

One coil one end 0.990 in. Diameter to pilot in bore

**Material:**

Stainless steel

**Material Specification:**

Gm 186m, general motors corp, allison div mfr ref single material response

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900
