Inside Diameter:

Between 0.309 inches and 0.330 inches

End Style:

E2 spring end, squared both ends

Spring Free Length:

1.768 inches

Coil Quantity:

12 1/2

Spring Solid Outside Diameter:

Between 0.469 inches and 0.490 inches

Coil Helix Direction:

Right-hand or left-hand

Material:

Steel comp 631

Material Specification:

Ams 5673, comp 17-7ph assn standard single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
