Coil Quantity:

8 3/4

Spring Deflection Rate:

162.000 pounds per inch

Criticality Code Justification:

Zzzy

Material:

Steel comp 1065 or steel uns k07001

Material Specification:

Astm a229 assn standard 1st material response

Reference Number Differentiating Characteristics:

Requires special cleaning and packaging for oxygen and nitrogen service

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
