Inside Diameter:

Between 0.617 inches and 0.620 inches

End Style:

Offset hinge end, left side first end

Spring Free Length:

1.025 inches

Coil Quantity:

9 3/4

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 0.708 inches and 0.715 inches

Hook Radius:

0.140 inches both ends

End Angular Relationship:

Ends angled one to other

Material:

Nickel alloy k-500

Material Specification:

Qq-n-286, class a, cold drawn federal specification single material response

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
