End Style:

E1 spring end, ground both ends

Bore Diameter:

1.390 inches

Spring Free Length:

2.000 inches

Coil Quantity:

5

Spring Solid Length:

0.380 inches

Coil Helix Direction:

Right-hand

Criticality Code Justification:

Zzzy

Material:

Steel comp 304

Material Specification:

Astm a167-63 assn standard single material response

Style Designator:

Cylindrical

Reference Number Differentiating Characteristics:

Requires special cleaning iaw mil-i-52211

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
