End Application:

Relief valve .50ips

Coil Helix Direction:

Right-hand or left-hand

Criticality Code Justification:

Zzzy

Material:

Steel

Material Specification:

Astm a313 assn standard single material response

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
