Inside Diameter:

4.250 inches

End Application:

W/s: wasp class lhd

Spring Free Length:

12.600 inches

Coil Helix Direction:

Right-hand or left-hand

Spring Deflection Rate:

630.000 pounds per inch

Material:

Steel

Material Specification:

Astm-a-689 assn standard single material response

Surface Treatment:

Cadmium

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
