End Application:

Valve globe

Special Features:

Rod outside diameter, 1.562inches compressed length , 0.875 inches, load at compressed length, 20 to 30 pounds, free length, determined by supplier, closed ends to be squared by grinding

Material:

Steel

Material Specification:

Astma313, type 302 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
