End Style:

E4 spring end, squared and ground

Stock Diameter:

0.024 inches

Spring Free Length:

1.750 inches

Coil Quantity:

15

Spring Solid Outside Diameter:

Between 0.235 inches and 0.245 inches

Coil Helix Direction:

Right-hand

Spring Deflection Rate:

2.700 pounds per inch

Material:

Steel comp 302

Material Specification:

Ams 5688 assn standard single material response

Surface Treatment:

Passivate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
