End Application:

Valve, relief; tarawa class lha

Special Features:

Range (psi) is 59-72; set press is 65; blow down press is 51; accum press is 79; capacity usgpm is 100

Material:

Stainless steel

Material Specification:

Astma313 assn standard single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
