Inside Diameter:

0.690 inches

End Style:

Straight offset both ends

Spring Free Length:

4.620 inches

Coil Quantity:

12

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.833 inches

End Angular Relationship:

Ends parallel one to other

End Length:

0.250 inches both ends

Material:

Steel comp 302

Material Specification:

Astm a313 assn standard single material response

Style Designator:

Single torsion right hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
