End Application:

Light armored vehicle (lav-apc) power steering unit

Spring Free Length:

2.250 inches

Spring Free Outside Diameter:

0.970 inches

Special Features:

Compression spring

Material:

Stainless steel

Material Specification:

Qq-w-423 federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
