Inside Diameter:

Between 0.559 inches and 0.575 inches

End Style:

E4 spring end, squared and ground

Stock Diameter:

Between 0.161 inches and 0.163 inches

End Application:

Pump, axial

Spring Free Length:

3.474 inches

Coil Quantity:

15.230

Spring Solid Length:

2.500 inches

Coil Helix Direction:

Right-hand or left-hand

Active Coil Quantity:

13.230

Spring Deflection Rate:

186.22 pounds per inch

Material:

Steel

Material Specification:

Astm a877 assn standard single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
