End Application:

Lw155 howitzer

Product Name:

Spring, compression

Special Features:

Self-activating pressure activated hydraulic seal; mscimum operating pressure of 11000psi; operating temperature range of minus 54 degrees celcius to 135 degree celcius

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
