Inside Diameter:

1.625 inches

End Application:

3 1/2 x 3 1/2 bronze relief valve

Spring Solid Length:

6.750 inches

Special Features:

Item is zinc/cobalt plated. Federal specification for surface treatment is qq-w-428 which has been superceded and replaced by ams-qq-w-428. 786 specifies which spring.

Material:

Steel

Surface Treatment Specification:

Ams-qq-w-428 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
