End Application:

C-17a aircraft

Coil Quantity:

3

Coil Helix Direction:

Right-hand

Product Name:

Spring, helical torsion, cam follower assembly, troop door

Special Features:

Spring rate 5.94in-lb/turn, coil dia. .662 +.009/-.009 diameter of rod over which spring is tested .40

Material:

Stainless steel

Surface Treatment Specification:

Adps9.07 federal specification 5th treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
