Stock Diameter:

0.468 inches

End Application:

Hanger div door fwd/aft

Coil Quantity:

25

Product Name:

Spring

Special Features:

Mean diameter is 3.25, free height is 19.15, solid height is 12.65, spring height at position is 15.60, load to compress solid is 520 lbs, compressed load at position is 290 lbs

Material:

Steel

Material Specification:

Mils-13572 ty-1, gr-b military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
