End Application:

Steering and braking system, part number 217-8423 pedal gp-governor and brake

Spring Free Length:

70.612 millimeters

Product Name:

Tension springs

Special Features:

Spring stiffness/initial tensio (n) : 64.7; outer diameter: 33.02 mm; spring rate 7.215 n/mm; end configuration 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
