End Application:

2320-01-549-8565 truck, cargo

Spring Free Length:

2.000 inches

Coil Quantity:

13.4

Spring Solid Outside Diameter:

0.625 inches

Coil Helix Direction:

Right-hand

Product Name:

Spring

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

Cylindrical

Supplementary Features:

Material-steel used for strings, called music wire, is hardened and tempered; wire diameter is 0.069 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
