End Style:

E2 spring end, squared both ends

End Application:

1/2 inch angle relief valve

Coil Quantity:

10

Coil Helix Direction:

Right-hand

Special Features:

The name of the material used for this spring is chromium vanadium

Material:

Chromium

Material Specification:

Astm a231 assn standard single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
