Inside Diameter:

6.0 millimeters

Stock Thickness:

0.6 millimeters

End Application:

1090-25-160-1292 armament subsystem, remotely operated

Spring Free Length:

30.0 millimeters

Spring Solid Length:

12.4 millimeters

Product Name:

Compression spring

Material:

Stainless steel

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
