Spring Free Length:

2.426 inches

Coil Quantity:

12.0

Load Rating:

59.980 pounds

Special Features:

1.305 wahl factor; 151, 794 torsional yield limit; 70, 340 psi stress

Material:

Steel comp 9254

Material Specification:

Astm a401, oil tempered assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
