Inside Diameter:

0.281 inches

End Style:

Parallel end both ends

Stock Diameter:

0.039 inches

End Application:

Valve, foot 3

Coil Quantity:

6

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.359 inches

End Angular Relationship:

Ends parallel one to other

Product Name:

Clapper spring for deluge nozzle

End Length:

1.938 inches first end

End Length From Coil Axis To First Bend:

1.000 inches first end

End Length From First Bend To Second Bend Or End:

0.938 inches both ends

Material:

Stainless steel

Style Designator:

Double torsion, right and left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
