Inside Diameter:

Between 0.42 inches and 0.44 inches

End Style:

Spring end, plain

End Application:

1015-01-598-4568

Spring Free Length:

2.25 inches

Coil Quantity:

19

Product Name:

Spring helical compression

Special Features:

Material is music wire per astm a228/a228m; zinc plate finish per astm b633, sc 1, type 111

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
