Overall Length:

3.000 inches

Overall Width:

1.050 inches

Special Features:

Atwo 0.413 in. Diameter holes offcenter, spaced 1.800 in. C to c along the lg; one 0.189 in. Diameter hole, located 0.170 in. From one edge along the lg and one 0.190 in. W notch along the width on one side

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
