Overall Length:

3.000 inches

Overall Width:

1.150 inches

Special Features:

One 0.500 in. W by 0.950 in. D slot in the center, along the lg, and one 0.190 in. W slot on one side of the center slot along the w and one 0.190 in. W slot along one side of the outside width

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
