**Overall Length:**

3.550 inches

**Overall Width:**

2.060 inches

**Lamination Quantity:**

16

**Lamination Thickness:**

0.003 inches

**Features Provided:**

Separable

**Construction:**

Laminated

**Special Features:**

2 corners radius; tapered along width edges

**Material:**

Aluminum alloy 1100

**Material Specification:**

Qq-a-250/1 federal specification single material response

**Purchase Description Identification:**

76823-40s400d206-355

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
