Inside Diameter:

Between 2.295 inches and 2.305 inches

Outside Diameter:

Between 2.760 inches and 2.780 inches

Features Provided:

Casehardened

Hardness Rating:

Between 30.0 rockwell c and 40.0 rockwell c

Surface Finish:

90.0 microinches

Material:

Steel comp e9310

Material Specification:

Ams 6260 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
