Hole Diameter:

0.531 inches

Overall Length:

6.000 inches

Bolt Circle Diameter:

5.500 inches

Overall Width:

5.000 inches

Aperture Diameter:

4.500 inches

Center To Center Distance Between Bolt Holes Along Width:

3.875 inches

Center To Center Distance Between Bolt Holes Along Length:

3.875 inches

Bolt Hole Quantity:

4

Construction:

One-piece

Material:

Steel

Fsc Application Data:

Transmission output shaft group, engine, nonaircraft, nonguided missile prime moving

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
