Inside Diameter:

Between 0.568 inches and 0.576 inches

Outside Diameter:

Between 0.658 inches and 0.666 inches

Overall Thickness:

Between 0.0252 inches and 0.0255 inches

Material:

Steel

Material Specification:

Fed standard 66b, sae 1070 to 1090 federal standard single material response

Fsc Application Data:

1. Anti-backlash, traversing mechanism, combat vehicle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
