Inside Diameter:

Between 0.675 inches and 0.680 inches

Outside Diameter:

0.790 inches

Overall Thickness:

0.138 inches

Hardness Rating:

Between 26.0 rockwell c and 32.0 rockwell c

Material:

Steel comp 8740

Material Specification:

Ams 6322 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
