Thread Direction:

Right-hand

Countersink Angle In Deg:

90.0

Overall Length:

0.810 inches

Diameter:

0.552 inches

Thickness:

0.090 inches

Wrenching Facility Shape:

Hexagon

Countersink Depth:

Between 0.406 inches and 0.422 inches

Screw Thread Length:

0.630 inches

Countersink Location:

Wrenching end

Hole Inside Diameter:

0.125 inches

Features Provided:

Countersunk

Thready Qty Per Inch (tpi):

18

Thread Size:

0.625 inches

Material:

Steel

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
