Inside Diameter:

Between 0.188 inches and 0.198 inches

Outside Diameter:

Between 0.240 inches and 0.260 inches

Overall Thickness:

Between 0.030 inches and 0.034 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
