Overall Length:

15.240 inches

Overall Width:

1.750 inches

End Application:

Hatch latch, hook canopy mech

Lamination Quantity:

10

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

Flg tapered to 1.46 in. On one side; cutout on tapered side, 2.120 in.Lg, placed 7.620 in. In from width edge, 1 hole 0.281-0.287 in. Dia, 0.560 in. From width edge, centered 0.710 in. From straight edge.

Material:

Steel comp 302

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
