Inside Diameter:
Between 0.752 inches and 0.765 inches

Outside Diameter:
Between 0.960 inches and 0.980 inches

Overall Thickness:
Between 0.079 inches and 0.080 inches

Features Provided:
Casehardened

Hardness Rating:
60.0 rockwell c

I/d is chamfered .015 in., o/d .010 **Material:**

Steel comp 1015

Special Features:

Material Specification:

Ams 5060 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A07000
