Inside Diameter:

Between 0.940 inches and 0.960 inches

Outside Diameter:

Between 1.060 inches and 1.080 inches

Overall Thickness:

Between 0.022 inches and 0.028 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
