Inside Diameter:

Between 1.0625 inches and 1.0645 inches

Outside Diameter:

Between 1.3758 inches and 1.3768 inches

Overall Thickness:

Between 0.1680 inches and 0.1780 inches

Surface Finish:

125.0 microinches

Material:

Copper

Material Specification:

Qq-c-00465, alloy 642 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
