Body Outside Diameter:
0.5620 inches
Corner Shape:
Square all corners
Special Features:
Used on aerodynamic baffle
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-225/6, t351 federal specification single material response
Style Designator:
Solid, plain, no outside flanges
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A045a0
