### Inside Diameter:

Between 4.900 inches and 4.920 inches

### **Outside Diameter:**

5.800 inches

## **Overall Thickness:**

0.125 inches

#### Material:

Aluminum alloy 6061

## Material Specification:

Qq-a-250/11, t6 federal specification single material response

### Surface Treatment:

Anodize

### Shelf Life:

N/a

### Unit Of Measure:

## --

### Demilitarization:

No

#### Fiig:

A07000
