Hole Diameter:

0.090 inches

Overall Length:

0.375 inches

Overall Width:

0.188 inches

Outside Corner Radius:

0.094 inches

Center To Center Distance Between Bolt Holes Along Length:

0.188 inches

Bolt Hole Quantity:

2

Construction:

One-piece

Material:

Steel comp 302

Material Specification:

Qq-s-766, cond a federal specification single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
