Inside Diameter:

Between 0.591 inches and 0.597 inches

Outside Diameter:

Between 0.770 inches and 0.790 inches

Overall Thickness:

Between 0.027 inches and 0.033 inches

Material:

Steel comp 302 or steel comp 304

Material Specification:

Qq-s-766, t 1/2 to full hard federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
