Cross-sectional Height:

Between 0.052 inches and 0.056 inches

Minor Height:

Between 0.035 inches and 0.037 inches

Special Features:

The tapered end is 0.090 inches thick and nontapered end is 0.110 inches thick

Material:

Copper alloy

Material Specification:

200 hair spring wedge, cagec, 61515 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
