Inside Diameter:

Between 6.615 inches and 6.625 inches

Outside Diameter:

Between 6.927 inches and 6.937 inches

Overall Thickness:

Between 0.094 inches and 0.097 inches

Material:

Copper

Material Specification:

Sae, ca903 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
