Inside Diameter:

Between 1.970 inches and 1.975 inches

Outside Diameter:

Between 2.190 inches and 2.210 inches

Overall Thickness:

Between 0.110 inches and 0.120 inches

Material:

Steel

Material Specification:

Qq-s-698, comp 1008 through 1020, crcq federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
