Inside Diameter:

Between 0.468 inches and 0.473 inches

Outside Diameter:

Between 0.583 inches and 0.603 inches

Overall Thickness:

0.064 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
