Inside Diameter:

Between 2.810 inches and 2.840 inches

Outside Diameter:

3.750 inches

Overall Thickness:

0.1345 inches

Features Provided:

Casehardened

Hardness Rating:

Between 50.0 rockwell c and 55.0 rockwell c

Material:

Steel

Material Specification:

Qq-s-698, quality hrcq or crcq, t3, 4, or 5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
