Overall Length:

3.250 inches

Overall Width:

1.500 inches

Lamination Quantity:

21

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

Three 0.250 in. W by 0.906 in. Lg radius ty cutouts equally spaced along lg, 0.500 in. From w edge, 0.938 in. Center to center distance between cutouts

Material:

Aluminum alloy 5052 or aluminum alloy 1100

Material Specification:

Qq-a-250/8, h39 federal specification single material response or qq-a-250/1, h19 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
