Hole Diameter:

0.281 inches

Overall Length:

7.938 inches

Overall Width:

1.313 inches

Center To Center Distance Between Bolt Holes Along Width:

0.500 inches

Special Features:

Holes threaded 8-32nc2; all corners chamfered 0.125 in. By 0.125 in.

Material:

Steel comp 304

Material Specification:

Aisi assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
