Inside Diameter:

Between 3.874 inches and 3.876 inches

Outside Diameter:

Between 4.970 inches and 4.974 inches

Overall Thickness:

Between 0.060 inches and 0.062 inches

Special Features:

Serrated edge 0.055 in. Min and 0.060 in. Maximum cut depth, hole 0.061 in. Min. Min and 0.063 in. Maximum centered on edge 2.375 in.

From center

Material Specification:

Qq-c-591 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
